

SUBJECT LINE: Tell lawmakers to choose families & communities!

ACTION ALERT: Budgets are choices. It's time for politicians to choose Illinois children, families, and communities.

Dear [First Name],

Illinois doesn't have to make the deep cuts proposed in the Governor's budget—we have a choice. Instead of painful cuts to vital programs for our children, families and communities lawmakers, the Governor must choose revenue.

Act NOW! Tell lawmakers to choose to stand up for Illinois families and communities and prevent cuts by choosing new revenue to close the budget hole. [INSERT HYPERLINK: http://salsa4.salsalabs.com/o/50920/p/dia/action3/common/public/?action_KEY=13829]
